

# GSR INSTITUTE OF CRANIOFACIAL AND FACIAL PLASTIC SURGERY ANNUAL REPORT 2025

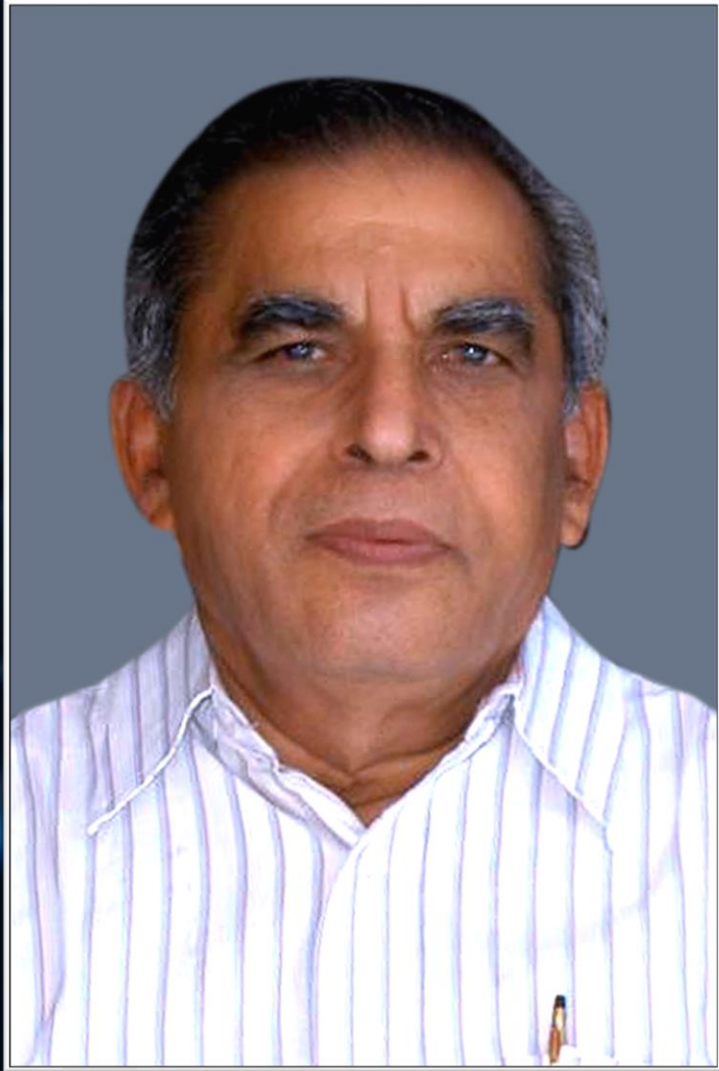

॥ सर्वभूतहिते रतः चिकित्सकः परमं तपः ॥

“THE HEALER DEVOTED TO THE WELFARE OF ALL PERFORMS THE HIGHEST FORM OF SERVICE

AT GSR

EVERY ACT OF CARE BRINGS HEALING TO BOTH PATIENT AND PRACTITIONER.”

# IN LOVING MEMORY OF

*Through years of learning, service, and commitment to transforming lives affected by craniofacial differences, his faith and hope never wavered.*

*He believed deeply in the purpose of healing and resorting, and his values shaped the compassion, dedication, and perseverance that define this journey today.*

*Though he remained away from the spotlight, his influence was profound — every milestone achieved, every life touched, and every smile restored carries a part of his silent contribution.*

*His legacy lives on through the work, the service, and the countless lives changed in GSR.*

*Forever remembered*

~

*Forever guiding*

**Sri. Malakonda Reddy (1936 – 2025)**

**HON. GENERAL SECRETARY HYDERABAD CLEFT SOCIETY**

# GSR HIGHLIGHTS 2025

## HEALING, INNOVATION, GROWTH

PRIMARY CLEFT LIP/PALATE SURGERIES

EAR RECONSTRUCTION

RHINOPLASTY / NOSE SURGERY

ORTHOGNATHIC SURGERY

BENIGN TUMORS

CRANIOMAXILLOFACIAL SURGERY

**“State-of-the-art-non-profit-hospital”**  
established in 1996 in Hyderabad.

This is our  
**25th annual report since 2000.**

**1200 facial surgeries**  
done free of cost every year

**More than 36,000**  
documented facial surgeries performed since 1996

## FROM OUR DIRECTORS DESK

This year, our mission to provide world-class cleft and craniofacial care has continued with renewed passion and purpose.

Every surgery *performed....*

Every therapy session *completed....*

Every milestone *achieved ....*

reflects our unwavering dedication to restoring function, confidence, and dignity in the lives of the children and families we serve.

Our multidisciplinary approach — integrating surgical excellence with speech, orthodontics nutritional support and comprehensive dental care — ensures that healing extends beyond the operating room.

As we expand our outreach, enhance our clinical capabilities, and collaborate with global partners, we are reminded that our work is far more than a surgical intervention; it is a lifelong journey of healing, hope, and community. We extend our heartfelt gratitude to our dedicated team, supporters, and every family that places their trust in us. Together, we carry forward the mission of creating a world where no child is left behind because of a cleft.

Dr Shruthi J

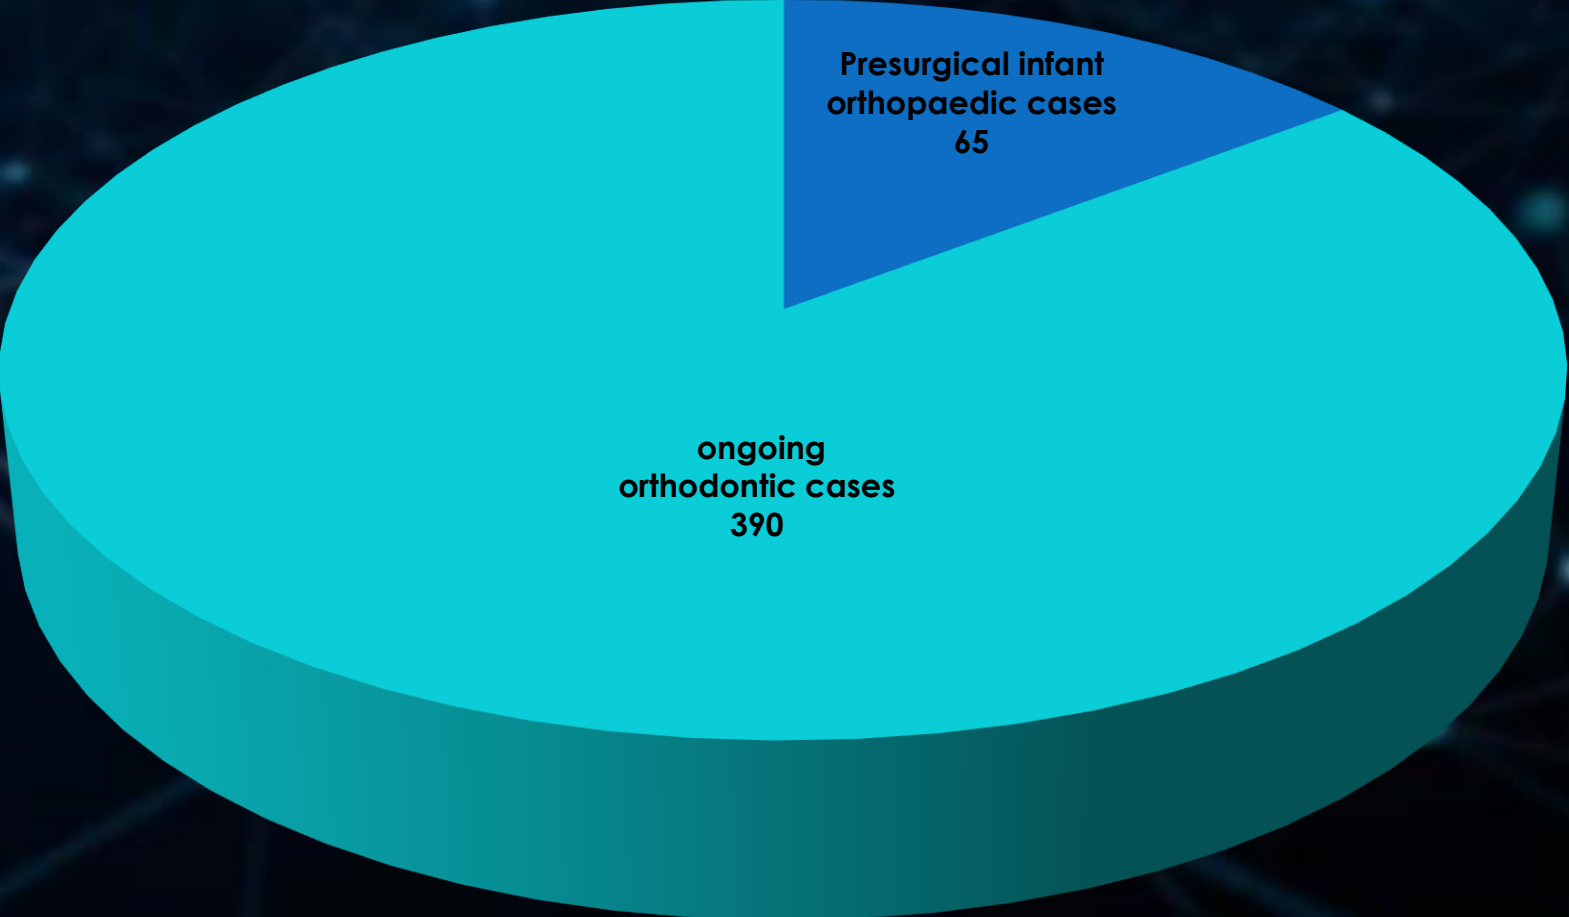

## FELLOW

Dr Praveen Pawar

Our commitment is unique—we begin treatment right from birth and continue to support our patients through childhood, adolescence, and into adulthood, ensuring comprehensive and continuous orthodontic care.

**Early intervention plays a pivotal role.**

We embrace the future of orthodontics through advanced digital workflows.

Enhanced accuracy

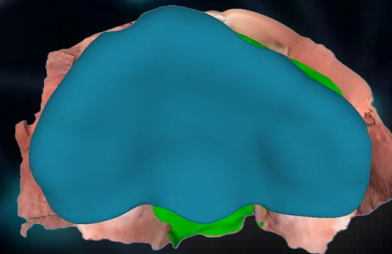

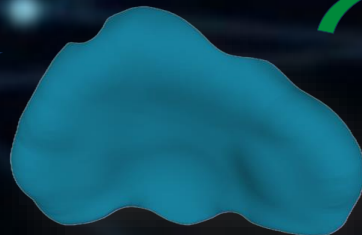

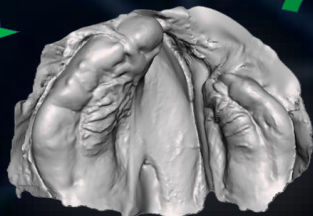

Interdisciplinary coordination

Superior outcomes

## Digitally printed passive plates

*Digital-to-physical model conversion enhanced the accuracy of passive plate design and fit*

# Digital Work Flow for Passive Plate

Digital Impression

Virtual Designing

Intra-oral scanning

3D Printing

Appliance Delivery

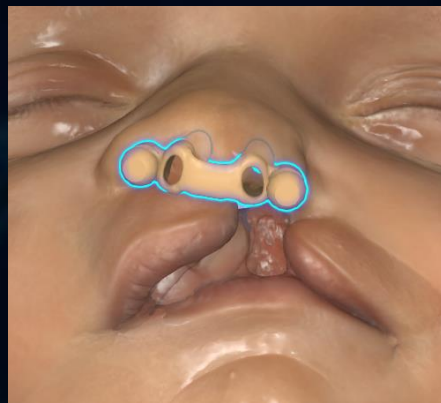

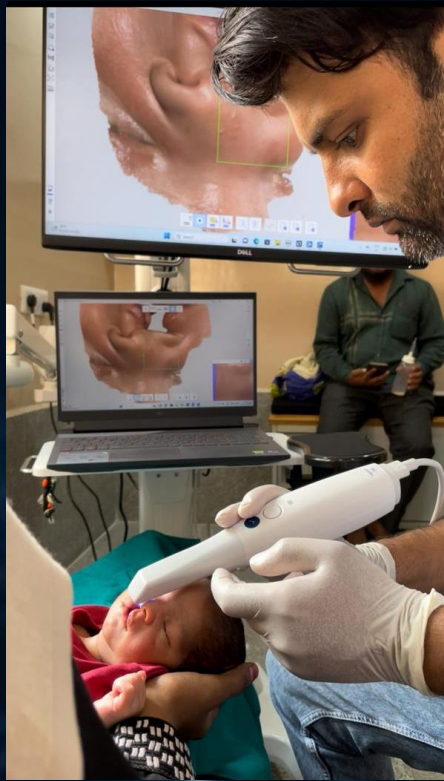

3D Printed Plate

**“Start early, smile forever”**

Reconstructing nasal anatomy to give better surgical outcome

Age : 7 Days

Age : 1 Month

Age : 2 Month

Age : 3 Month

Age : 4 Month

“Guiding growth, improving outcomes”

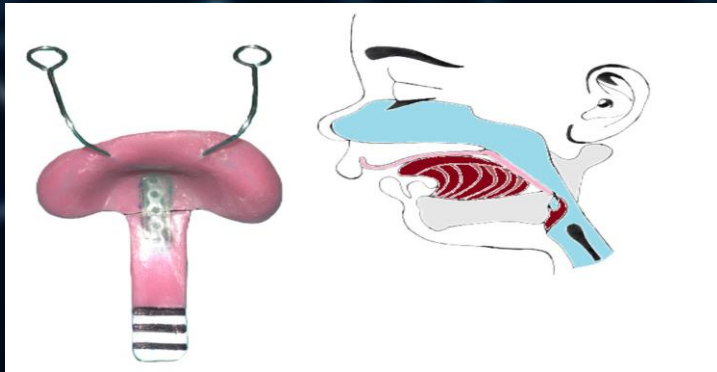

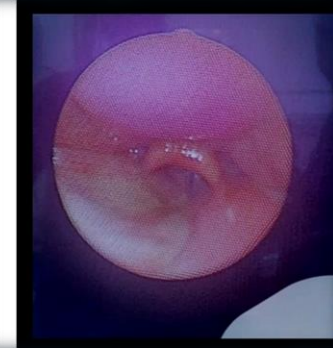

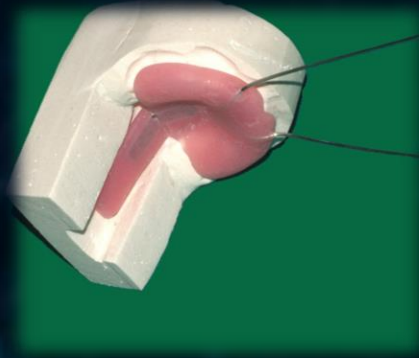

# Non surgical airway management in neonates with Pierre Robin sequence

Impression making

Appliance making

Appliance try in with  
nasopharyngeal  
endoscopy

Appliance delivery

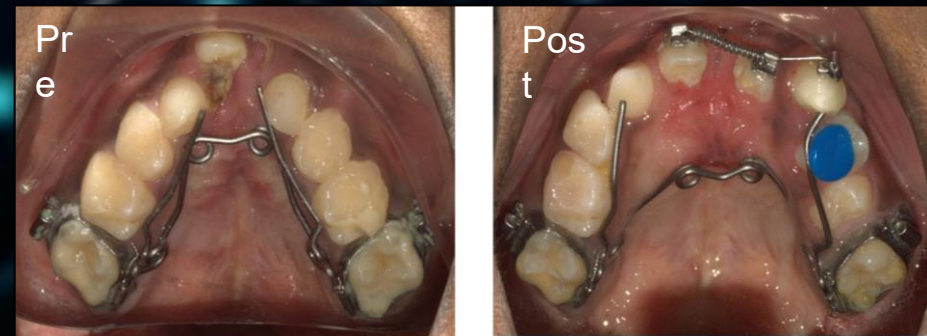

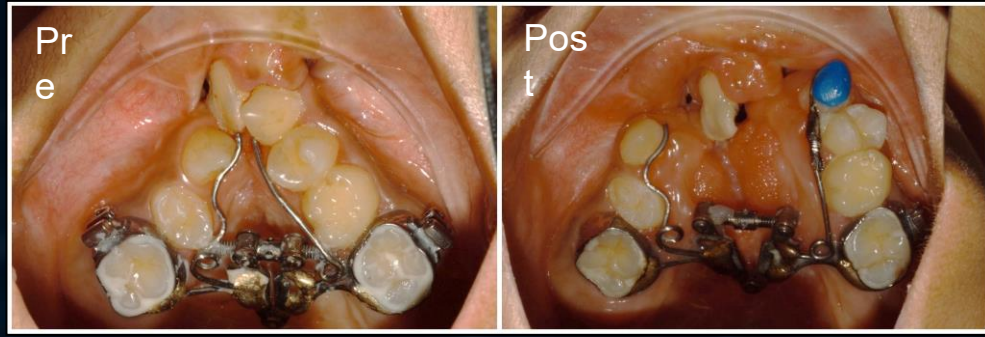

Tubingen palatal plate is extended and is angulated to **reposition the tongue** anteriorly, and facilitate the **widening** of the pharyngeal airway.

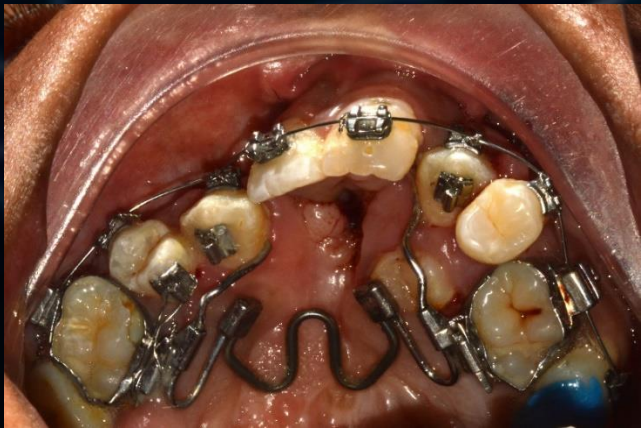

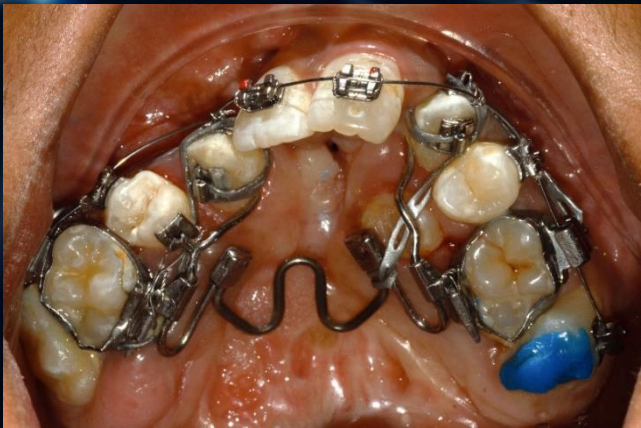

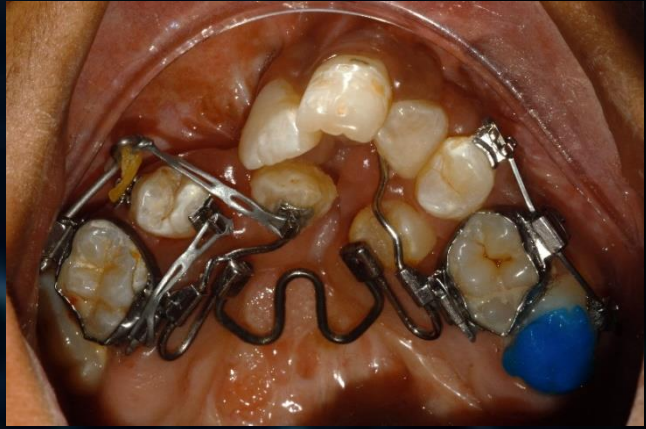

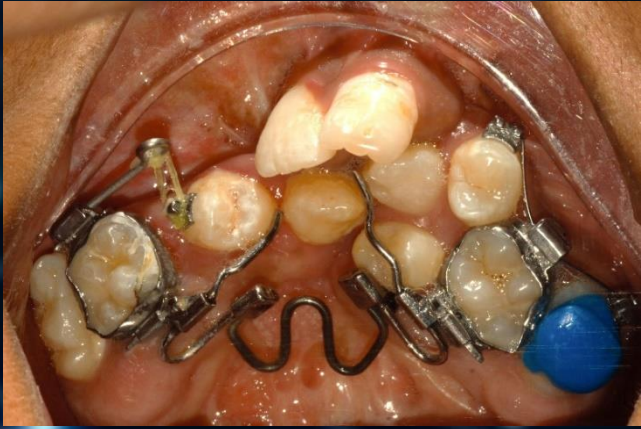

This non-invasive method helps in breathing of the infants. Sternal retraction is decreased after the placement of Tubingen palatal plate

# “Lifelong orthodontic care for cleft patients—from mixed dentition to adulthood.”

Dental alignment focused on restoring a well-coordinated and stable arch form

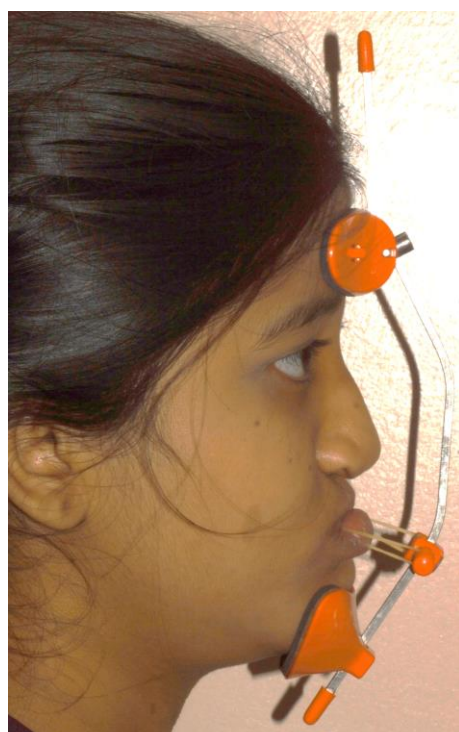

## Non surgical correction

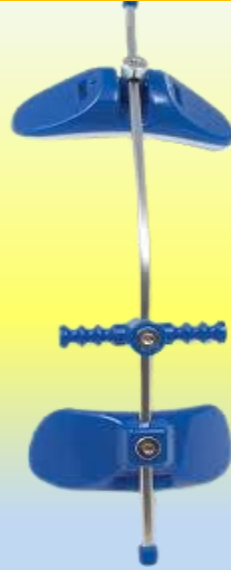

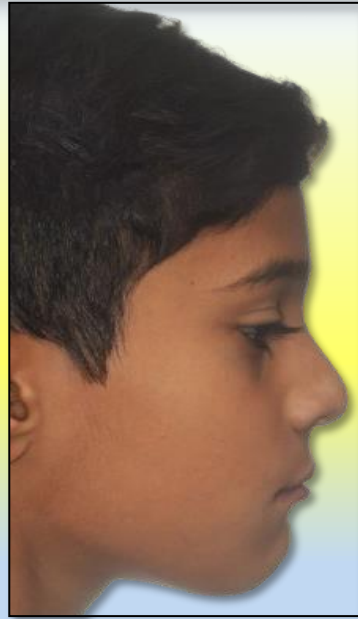

*Conservative, nonsurgical approaches were utilized as an alternative treatment pathway for cleft patients who opted out of surgical correction.*

### Miniscrew assisted maxillary protraction

# Non surgical correction

# Maxillary Protraction Using Face mask

# NUMBER OF ORTHOGNATHIC PATIENTS PREPARED AND OPERATED IN 2025: 40

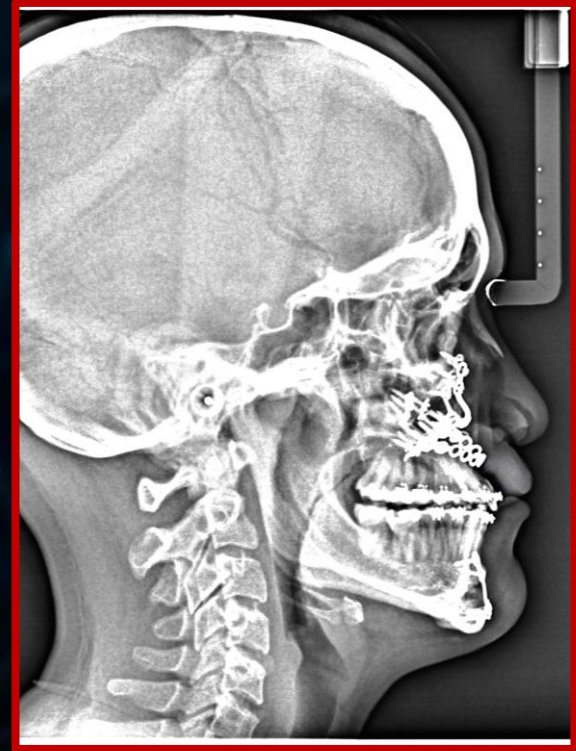

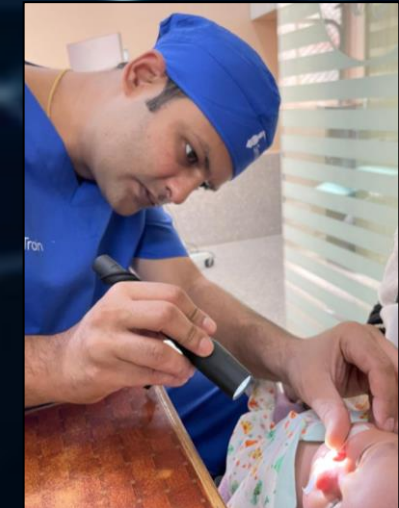

## Pre-Surgical Orthodontics

A. Levelling and Alignment

B. Decompensation

C. Arch Coordination

We have a dedicated team whose practice is guided by a singular focus on delivering compassionate and effective treatment

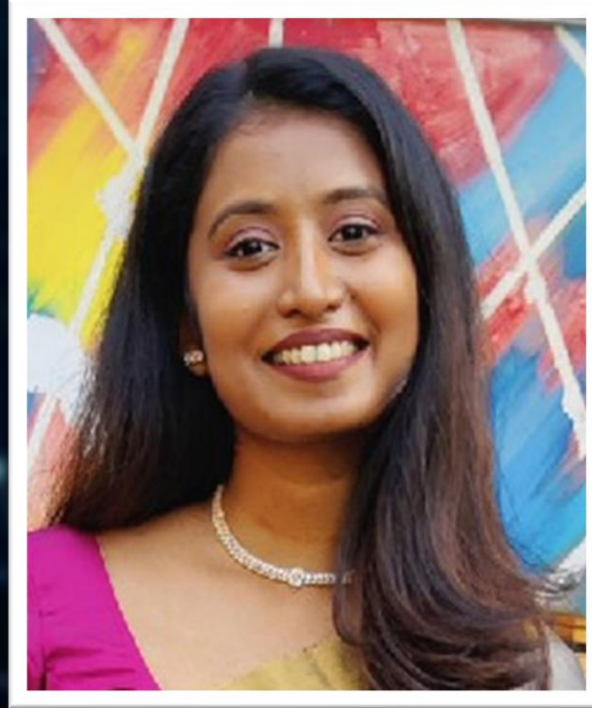

# DEPARTMENT OF SPEECH THERAPY

## Speech Department: Giving Every Child a Voice

The Speech Department at Hyderabad Cleft Society continued to be a cornerstone of holistic cleft care this year, working closely with children and families to support clear communication, confidence, and social inclusion.

**132 families** received **speech and language development counselling**, empowering caregivers with guidance and home-based strategies. **34 children** showed significant improvement and were **successfully discharged** from speech therapy—an important milestone in their communication journey.

**Speech therapy in progress**

# DEPARTMENT OF SPEECH THERAPY

## Training, Education & Capacity Building

- **Speech Observership Program:**  
*Vaibhav Kiran* completed a **one-month observership in January 2025**, gaining hands-on exposure to cleft-related speech management.
- **Internship Program:**  
**18 students** successfully completed their internships this year, strengthening the future workforce in speech-language pathology.

Speech department interns with patients

Vaibhav Kiran completed a one-month observership in January 2025  
: at GSR hospital - Smile train Observership program

# DEPARTMENT OF SPEECH THERAPY

## ACADEMIC & PROFESSIONAL ENGAGEMENT

- **European Lecture Series VII (April 2025)**

*Lecture Topic:* Speech Pathology in Cleft Care and VPI Management

*Speakers:* Prof. Dr. Gosla Reddy, Dr. Ann Kummer

This session enriched clinical perspectives with international expertise and evidence-based practices.

- **Mentorship & Global Collaboration**

*Myrtle Ciphora* completed **Mentee Training (June 2025)** and is currently serving as a **Mentor** under the **Mentoring Alliance for Global Speech (MAGS) – Cleft Mentorship Program** since **November 2025**, contributing to global knowledge exchange to Speech therapists in South Asia.

- **Continuing Rehabilitation Education (CRE) Program**

Conducted by the **National Institute of Speech and Hearing Disabilities, Hyderabad**,

*Myrtle Ciphora* served as a **Speaker** on “**Teletherapy for Speech and Language Disorders: Strategies, Tools and Outcomes**” on **14th August 2025**, highlighting innovative service delivery models.

**Evaluation and Assessment of Velopharyngeal Competence**

- **Nasoendoscopy**

Your mentorship has gone far beyond academics—you believed in my potential even when I doubted myself, and that belief gave me the confidence to grow.

Your patience, wisdom, and quiet encouragement taught me not just how to think critically, but how to approach challenges with integrity and curiosity.

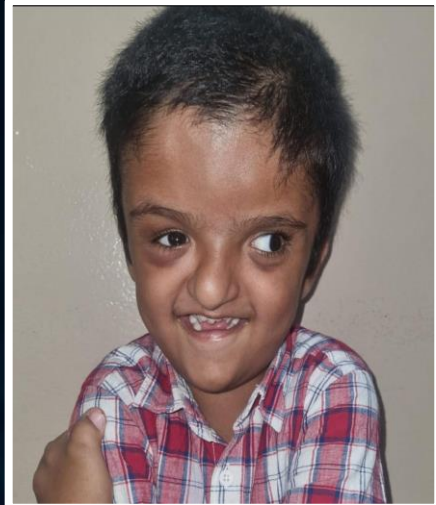

Every conversation, correction, and word of advice has left a lasting impact on me.

Thank you for investing your time, energy, and trust in my journey. I will carry your lessons with me as I move forward, and I hope to reflect even a small part of the inspiration you have been to me.

# DECEMBER

THE 49<sup>TH</sup> AOMSI NATIONAL CONFERENCE HELD AT VIZAG

**ELECTED AS THE VICE PRESIDENT OF AOMSI ,2026 AT THE 49<sup>TH</sup> NATIONAL CONFERENCE HELD IN VISAKHAPATNAM**

**Thank You**

**Grateful for your trust and support.  
Honoured to serve as Vice President,  
AOMSI**

**PROF. DR. GOSLA SRINIVAS  
REDDY**

**MBBS, MDS, FRCS, FDSRCS, Ph.D**

# DECEMBER

## SOME OF THE CHERISHED MOMENTS OF THE GRAND REUNION CELEBRATION, HELD ON 21ST DECEMBER 2025

The reunion witnessed an enthusiastic participation of 250 attendees, including delegates, friends, and well-wishers of the GSR family. Among them were 150 students, proudly including 55 alumni, who today are flourishing in diverse professional arenas such as medicine, engineering, and other esteemed fields

# LECTURES DELIVERED IN 2025

- February** GDMS DUBAI – Lecture on Cleft OGS and hypertelorism
- April** European lecture series on speech pathology in cleft care and VPI management
- May** Lecture on Philanthropy of surgery at MAY DALLAS
- June** PARIS AIME Conference , lecture on – ‘Teleorbitism’
- July** MIDCOMS Agra , Lecture on – How to achieve what you want .  
European lecture series on – orthodontics in cleft care and the non-surgical and surgical management of the maxilla
- August** AOMSI master class , Nagpur on cleft and craniofacial syndromes
- September** Lecture in Frankfurt 17<sup>th</sup> world congress of international cleft lip and palate.  
AOMSI Gulbarga sate chapter – ‘How to achieve what you want’  
Lectures on Cleft Rhinoplasty Morphofunctional technique in AIIMS Rishikesh and Narsinbhai Patel Dental college , Visnagar at Live Rhinoplasty workshop
- December** AOMSI National conference , Lecture on Hypertelorism management .

# GSR-CKHS CLEFT SCHOOL PROJECT

**Dr Anne Marie  
Kuijpers- Jagtman**

**Dr Erika and Prof Dr Dr Hermann Sailer**

We sincerely thank Cleft Kinder Hilfe Schweiz and Stichting Sumbing Bibir for their generous support of the Cleft School Project, which has enabled us to reach, treat, and support children in need. Their continued commitment has been instrumental in helping us deliver compassionate and comprehensive cleft care to those who need it most.
